Registering and Joining Communities

- If, after you have initially registered, the London Youth Games Sports do not appear then you need to search for the network to join it. Simply type in the network's code: **lond6993** in the 'Enter a Community Code' section on the right and click 'Submit'.

- To join a sport community, click 'Join' next to any relevant sport and it will move up the page and be listed under 'My Communities'.

- If this is your first time joining a community, you may be prompted to fill out some further information that will be linked to your profile therefore checking your eligibility. Simply fill out the information and click 'Continue'. If you are not a competitor e.g. you are a BTO or Team Manager just check 'I am not a participant' and 'Continue'.
