When a 6 is scored the ball is dead – batters cannot be caught out and cannot accumulate additional runs via running between the wickets.

In the event of a team being all out in less than its full quota of overs, the calculation of the net run rate of both teams shall be based on the full quota of overs to which the batting team would have been entitled and not on the number of overs in which the team was dismissed. Only those matches where results are achieved will count for the purpose of net run rate calculations.
